

# Linton on Ouse History Group

## Thank you

The initial meeting of the re-formed history group on the 21<sup>st</sup> June was a success with 55 people attending to listen to a talk on the census and then join in a quiz on the history of the village. We are aware that others would have liked to have been there but had other commitments on the night. It was a great start and has given us the encouragement needed!

The feedback forms showed that the people attending were interested in a range of topics; the most popular being learning about life in a medieval village, a field-walk, and a trip to Hungate and a talk about the history of RAF Linton on Ouse. We will try to include these topics in the itinerary for the next 12 months.

Thank you to all who those who attended.

## Future events

We are currently planning a series of events to take place over the next year. For details please keep an eye on the community web site and the village notice boards. The major event will be a **History / Finds Day in the village on the 21<sup>st</sup> September**. A date to keep in your diaries!

On the **19<sup>th</sup> July** we will be having a “**Maps and Memories**” afternoon in the College Arms from 3pm to 5pm to start collecting and recording memories of living in Linton on Ouse and the surrounding district. Everyone is welcome. This is the first of a series of sessions so; if you cannot attend on the 19<sup>th</sup> July, there will be lots of opportunities in the future. Admission is free and tea and biscuits will be provided.
