

Bits of old pot!!

Linton on Ouse History Group

A few months ago the History Group took various pottery fragments found in the village to the Yorkshire Museum for formal identification.

These have now been returned with detailed reports explaining their composition and age. They date from Roman and Medieval times.

If you would like to look at the pottery pieces and read the reports they will be on display:

3pm to 4pm Friday 9th August

Committee Room, the Village Hall

6pm to 8pm 12th August

The College Arms
