

Linton on Ouse Gardening Club

Can you grow the tallest sunflower?

Instructions:

1. Plant sunflower seed in the plant pot
2. Take home and put in a sunny place
3. Water every day and wait for the plant to start growing
4. When the sunflower is about 15cm high carefully move to a larger pot or plant in the garden
5. Keep the sunflower watered and watch it grow and grow
6. Send us the application form below before the 25th September

There will be a prize for the tallest sunflower grown by a young gardener (under 16) and a prize for the tallest sunflower grown by an adult. Can you win?

Good luck and happy gardening.

.....

APPLICATION FORM

Sunflower competition
